

## **FUTURE PIPE INDUSTRIES TO BE FEATURED ON 21<sup>ST</sup> CENTURY BUSINESS TELEVISION SERIES**

**Boca Raton, FL, 3 July 2013:** Multi-Media Productions (USA), Inc. is pleased to announce that Future Pipe Industries (FPI) will be featured on *21<sup>st</sup> Century Business*.

FPI offers the largest portfolio of composite fiberglass pipe system products available in the market today, designed and manufactured using state-of-the-art technology and production processes.

By perfecting the design and manufacturing process of thermosetting resins and glass fiber reinforcements, FPI has created a range of products which each offer unique performance capabilities, enabling them to be used in a variety of essential applications across multiple industries.

With over 28 years in the pipe industry, FPI has invested a vast amount of time and resources to develop its extensive range of the highest quality fiberglass products. All FPI products are custom produced, as per the customer requirements, using the latest technology and tested and qualified at FPI's dedicated research and development centre attested by TUV. Manufactured to rigorous customer specifications, all FPI products meet the highest international quality and safety standards.

FPI is also recognized as the leader in performance based design and manufacturing of large-diameter fiberglass products in the world. With a vision towards providing its ground breaking bespoke piping solutions, FPI has spent years developing and acquiring an extensive range of engineering disciplines, product technologies, and skills, providing end-to-end services including: Product engineering services, system engineering services, project management and technical support services and on-site supervision and training services.

JL Haber, Vice President of Programming at Multi Media Productions, added, "As an innovator and a leader in the Piping Industry, FPI is a natural fit for our show. We are excited to have them as a guest on our program."

**FUTURE PIPE INDUSTRIES**

**About Future Pipe Industries:**

Future Pipe Industries (FPI), the global leader in anti corrosive large diameter fiberglass pipe design and manufacturing, provides the world's largest product portfolio of fiberglass pipe systems, efficiently delivering water and energy to the world. With over 28 years in the industry, FPI has installed more than 160,000 kilometres of pipe worldwide and built up a robust reputation for designing, manufacturing and installing bespoke pipe solutions for the world's biggest companies in the fields of infrastructure, oil and gas, industrial, and water. With operations spanning 16 countries across four continents, FPI's worldwide offices and testing facilities lead the way in product advancement, guaranteeing the highest standards in the fiberglass pipe industry today.

**About 21<sup>st</sup> Century Business:**

21st Century Business is an award winning targeted business show that is independently produced by Multi-Media Productions. The show provides its business viewers an in depth opportunity to find solutions to the industry problems from some of the top business leaders from across the world. Each exclusive segment is taped in our state of the art South Florida Studio.

Once selected, companies are able to present their story and solutions to industry problems in an exclusive way that sets their company apart from the others. With more than 6,000 companies participating on over 600 shows, 21st Century Business continues to be the premier and targeted outlet for the latest business stories.

21st Century Business airs on various national cable networks that are viewed by over 100 million viewers nationwide as well as internationally via DirecTV and Dish Network. The show can also be viewed through video on demand via <http://www.21cbtv.com>. The 21CBTV Series is also available at more than 27 prestigious college universities, including Carnegie Mellon University, Howard University, Dartmouth College and Georgetown University.
