What We Delivered

DIAMETER
3"

DESIGN PRESSURE
750 PSI

LENGTH
3.291 KM
10,800 feet

JOINTS
Flange
Midline Connector

DELIVERING
Produced Water
Application

Future Pipe Industries deployed 10,800 feet of Flexstrong 3" 750 RTP pipe which was 90% surface laid with only one minor road crossing 60ft in length and 4ft in depth. Flexstrong connected two wells to one battery using two flanged and one midline connectors.

After five days, Flexstrong was fully operational producing produced water at the operating pressure of 100psi

Future Pipe Industries deployed 10,800 feet of pipe and installed 4 flange and one midline in less then 6 days. 90% of this project was surface laid with one minor road crossing.

All connected from 2 wells to 1 battery.
