2014

What We Delivered

DIAMETER

50, 100 & 200 mm

PRESSURE

30 Bar

LENGTH

12.8 KM

DELIVERING

Water Transfer Lines

Due to the long lengths of underground piping, FPI has been able to make a difference by using NPR rated piping (thinner wall due to soil pressure) by providing Wavistrong-GRE NPR 30 and EST 25 reinsulated pipe system.

Our scope included:

- Supply of Wavistrong GRE pipe system
- Workshop Fabrication
- Offshore Installation
- Engineering, Fabrication and installation of Reinsulated GRE Pipes.

“

IA Administration Building and new Learning Center is the new facility owned by NLNG at Bonny Island, Rivers State. The facility includes:
New IA Chiller Plant, and new Electrical Power Substation
